

## Suggestions to Women "Just Ready to Drop"

When you are "just ready to drop," when you feel so weak that you can hardly drag yourself about—and because you have not slept well, you get up as tired out next morning as when you went to bed, you need help. Vinol will help you just as it did these two women. Why not try it?

### HERE IS PROOF

**Pittsburgh, Pa.**  
"I keep house for my husband and myself and I got into a weak, run-down, nervous condition and no appetite. I heard how Vinol helped others and tried it and it built me up. I am strong, have a good appetite and feel better in every way."—Mrs. James Croker.

**Holmdel, N.J.**  
"I live on a farm and am a hard working woman and for weak, run-down, overworked conditions have found nothing that will create an appetite, build me up and make me strong equal to Vinol. It helped several others in our neighborhood, too."—Mrs. Thomas Ellis.

For all run-down, nervous, anemic conditions, weak, overworked men, feeble old people and delicate children, there is no remedy like Vinol.

## Vinol Creates Strength

### ABOUT THE STATE

#### HAPPENINGS OF INTEREST FROM DIFFERENT SECTIONS

The Western Union office in Vergennes has been discontinued and telegraph messages are now dispatched from Middlebury to Vergennes by telephone.

There was a double funeral in Rutland Monday for Miss Sadie LaPlant and her brother, Roger, both of whom died of pneumonia, following an attack of influenza.

The J. G. Turnbull company, which has run a butter factory in East Swanton for 13 years, has sold the same to H. P. Hood & Sons. The factory has been closed and the milk is drawn to St. Albans.

The leaving of Paul R. Dunn for the Clarkston Technical college to-day makes the fifth son of Mr. and Mrs. J. H. Dunn of Rutland to be in United States service. Edward J. Dunn is at Camp Devens. Herman is with the American expeditionary forces in France and John and Leo are in the United States navy.

### THIN BLOOD AFTER ATTACK OF INFLUENZA

Until This Fall River Woman Built Up Her Blood No Medicine Helped Her.

An attack of influenza, even of the milder form commonly called the grip, may mean a lifetime of misery if proper precautions are not taken to restore the blood and drive out the lingering poisons that cause the so-called "after effects" of the disease.

The grip leaves behind it weakened vital powers, thin blood, impaired digestion and over-sensitive nerves—a condition that makes the system an easy prey to pneumonia, bronchitis, rheumatism, nervous prostration and even consumption.

An attack of the grip left Mrs. Esther Gorse, of No. 137 Oliver street, Fall River, Mass., in an anemic condition and until she took Dr. Williams' Pink Pills no medicine helped her. Mrs. Gorse says:

"I was all tired out and my blood was very thin. I had but little ambition to work and felt mean all the time. My stomach was very weak and I had no desire for food. Severe headaches became very frequent.

"A friend of mine who had been helped by Dr. Williams' Pink Pills suggested them to me and one box proved them to be the remedy I needed. My appetite returned and soon I felt stronger and better in every way.

"Each spring I use Dr. Williams' Pink Pills and they always build me up and give me strength.

"My son was weak after an attack of the grip and I gave him Dr. Williams' Pink Pills. They helped him at once. I always recommend these pills as I know from experience that they are a valuable tonic."

Dr. Williams' Pink Pills contain the elements necessary to make new blood and, as the nerves get their nourishment from the blood, have been found invaluable in a wide range of diseases of the blood and nerves, such as rheumatism, after-effects of the grip and fevers, neuritis, and nervous debility.

Dr. Williams' Pink Pills are sold by all druggists, or will be sent by mail, postpaid, on receipt of price, 50 cents per box; six boxes, \$2.50, by Dr. Williams' Medicine Co., Schenectady, N. Y. A booklet, "Building Up the Blood," will be mailed free to any address upon request.

### EAST MONTPELIER

Edward Murray Writes of Busy Times, After Germans on the Run.

Miss Laura E. Murray has received the following letter from her brother, Edward J. Murray, who is with the American expeditionary forces in France. It was written Aug. 30.

"It has been some time since I had time to write home, but now we are at a rest camp for a little while and I will try to write more often. I know you must have been worrying over my not writing, but don't worry about me; I will take care of myself.

"The weather is fine out here. It must be very warm there, especially at this time of the year.

I suppose you have seen by the papers that we went over the top and we drove the Germans about 20 miles back and also captured a lot of prisoners and a lot of their big guns. We have them on the run now, believe me. We are getting the best of them now.

"You asked me if Mason got wounded. I don't know; he was sick and went to the hospital. Have you received any more of my letters lately? If you have, let me know how much they have received in all. I saw Harold Stacy the other day and he said his father had bought a big farm.

"You may wonder why I have not written before, but I really couldn't. We were all worked until we could neither write a decent letter nor do anything but smoke a cigarette and drink some strong coffee and back at them again. Tell father I would like to be over there to help get his oats in, but we are doing our bit over here, I guess.

"We went over the top and drove the Germans back. We have got them on the run and are in hopes to keep them on the run. We have captured about two miles the first day, and the next day we walked eight miles before we saw any of them. We camped there and the next day we started them on the run again, and they are still running. We captured eight of them in one dugout, and there was one fellow who could talk German, so he questioned them and they told us that there were some machine guns near by, and that they gave us some cigarettes and cigars and told us where there was a big bunch of men. We went over and captured them and also took three big towns that they had taken from the French, and I tell you the old people were some glad. They started to move back into their old homes the same day we captured them.

"They have some great wheat fields over here, and they are at present harvesting them.

"The young fellows must be all gone from there now, since they have been drafted. It must be hard to get help.

"How are Herbert and the rest of Uncle Lewis' folks? Tell them I would like to write them, but we are so busy here we don't have time to write.

"Edward."

### NEWBURY

Miss Ruth Ketchum does not intend to have Spanish influenza if a vigorous fumigation will prevent it. Ruth is a practical woman and nature is one of her special studies. She believes in the efficacy of herbs, honest and tansy tea and wears a sulphur bag, but when it comes to fumigation, nothing but the real article will do, and that is the reason why her skunkship had such a warm welcome in the basement of the "homestead." If it had not been for the hired man the fumigation would have gone along in a legitimate manner, but the hired man undertook to hurry up things and, as usual in such cases, overdid it and before the skunk had a chance to explain, shot him, just as if he was a German. Result—The house is fumigated from top to bottom. As the railroad company only uses formaldehyde to fumigate its cars, it is now expected Miss Ketchum will remain in Newbury for the winter. She will not receive calls for at least two months. P. S. This notice is unsolicited.

A number of robberies in South Wallingford have gone unsolved for some little time, but since a man by the name of Gus Shippey was arrested it is thought the matter will be cleared up. Shippey is a section hand employed by the Rutland railroad and is said to have admitted that he committed a number of the breaks, which included a sawmill, Roberts' store, Brigham creamery and a barn, where he stole part of a set of valuable harness. For more than a year the robberies have been going on. The goods taken in some of the breaks were burned in a fire last fall which destroyed the Shippey home in South Wallingford, the prisoner stated. Mr. Shippey has a wife and five children, all ill with the influenza, whom the man alleges did not know of his actions.

Edward C. McIntyre, a prominent business man of Rutland and one who had been very active in all war drives, died Sunday of pneumonia, following the grip. Mr. McIntyre was 46 years old. In young manhood he came to Rutland from the family home in Danby and was employed for a time as clerk in the office of Henry F. Field, at that time state treasurer, then was engaged for a number of years in the Rutland County bank and later was employed in newspaper work. He did much in a real estate business and was a director in the Rutland County National bank and the Marble Savings bank. He was a member of Rutland lodge, F. A. and A. M., Davenport chapter, Royal Arch Masons, Killington commandery, Knights Templar, and Cairo temple of Shriner. He was also a member of Orian Grotto, and in this order he was particularly active. Besides his wife and parents, he leaves one son, Cecil McIntyre of Danby.

Death of Mrs. Edgar Pierce the Third During Epidemic.

The death of Mrs. Edgar Pierce, which occurred Sunday at 1 o'clock, marks the third from pneumonia which followed the grip since the epidemic broke out here. The funeral was held Tuesday afternoon at 2 o'clock at the home in the north part of the town, with burial in the village cemetery. Rev. G. D. Gould officiated. Mrs. Pierce would have reached her thirty-seventh year had she lived until January. She was married to Mr. Pierce nineteen years ago. Seven children have been born to them, six of whom, five sons, and one daughter, with the husband, are left to mourn the loss of a loving wife and mother. She also leaves her mother, Mrs. Williams, of Barre.

Miss Jennie Page left Monday for Holyoke, Mass., to visit her sister, Mrs. Brooks Hudson, and where she expects to find employment.

Mr. and Mrs. W. C. Chamberlin and children of Newbury were guests of Mr. and Mrs. J. T. Darling Sunday.

Frank Kittredge was called to Barre the last of the week by the illness of his daughter.

W. B. Darling is home from his work at Bellows Falls this week, ill with a severe cold.

Mr. and Mrs. J. T. Darling have closed their home and leave this week for Billerica, Mass., where they have planned to pass the winter.

H. Ingraham of Glover and W. Dustin of Lyndonville were Vermont men whose names appeared in the Canadian casualty list of wounded Tuesday.

### STOMACH UPSET?

Get at the Real Cause—Take Dr. Edwards' Olive Tablets

That's what thousands of stomach sufferers are doing now. Instead of taking tonics, or trying to patch up a poor digestion, they are attacking the real cause of the ailment—clogged liver and disordered bowels.

Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, away goes indigestion and stomach troubles.

If you have a bad taste in your mouth, tongue coated, appetite poor, lazy, don't care feeling, no ambition or energy, troubled with undigested foods, you should take Olive Tablets, the substitute for calomel.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without gripping, cramps or pain.

Take one or two at bedtime for quick relief, so you can eat what you like. At 10c and 25c per box. All druggists.

Orleans County State's Attorney Appointed.

Gov. H. F. Graham has appointed as state's attorney in Orleans county Frank D. Thompson of Barton, to succeed Colby Stoddard, deceased. Mr. Thompson was a candidate for the honor against Mr. Stoddard. Both were residents of the same town, but Mr. Stoddard won the nomination in the Republican party by some 700 votes. Mr. Thompson has been a lawyer in Barton for several years.

Fred Kenfield, a native of Fairfax and son of Mr. and Mrs. George L. Kenfield, has been killed in action in France, according to news received by his brother, F. R. Kenfield, of Enosburg Falls.

### SAVE YOURSELF FROM INFLUENZA

If you are "run down" or out of condition, if sluggish bowels have allowed poisonous impurities to accumulate in your system you are certain to suffer severely with the grip. Dr. True's Elixir, the famous household remedy of 67 years' reputation, will ward off the grip entirely or make an attack light and easily thrown off. Why? Because Dr. True's Elixir is a vegetable tonic that puts the system in good condition, prevents and relieves constipation, stimulates the appetite and strengthens the digestive powers. It can do no harm because it contains no mineral drugs. All purely vegetable. A tonic—not a stimulant. No reaction. Ask your druggist for it, or write Dr. J. F. True & Co., Auburn, Me.—Adv.

### SOUTH RANDOLPH

Philip Riford Died of Grip After Few Days' Illness.

Philip Riford, who was working at Claremont, N. H., was taken ill with the grip and lived but a few days. His body was brought here and the services and burial were at the East Randolph cemetery. He left a wife and daughter, who reside in Montpelier, but they were too ill to attend the burial services. Besides, he leaves four brothers, Earl and Percy, who live here, Charles of Schenectady, N. Y., and Lloyd of Princeton, N. J., also one sister, Mrs. Ruth Hamilton of Cambridge, Mass.

Mr. Peabody and daughter, who have been in Connecticut for a short time, have returned and both are sick with the grip at George Hyde's. Mrs. George Hyde is also quite ill.

Pearl Spaulding, who has been at work for Frank Hyde in Royalton, had the misfortune to lose two fingers from his left hand while operating a corn husker. He was taken to the Bethel sanatorium for treatment, but has now returned to his uncle's, D. L. Loomis.

Richard Camp is working for John Wells.
